PART B: SUMMARY OF BENEFITS

Important Note: This form is not a contract, it is only a summary. The contents of this form are subject to the provisions of the policy, which contains all terms, covenants and conditions of coverage. Your plan may exclude coverage for certain treatments, diagnosis, or services not noted below. The benefits shown in this summary may only be available if required plan procedures are followed (e.g., plans may require prior authorization, a referral from your primary care physician, or use of specified providers or facilities). Consult the actual policy to determine the exact term and conditions of coverage.

ENDNOTES:

¹"Network" refers to a specified group of physicians, hospitals, medial clinics and other health care providers that your plan may require you to use in order to get any coverage at all under the plan, or that the plan may encourage you to use because it pays more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).

²"Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as "Per Accident or Injury" or "Per Confinement".

^{2a}"Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible may be noted in boxes 8 through 31.

^{2b}"Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified plan when you are the only individual covered by the plan.

^{2c}"Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "\$3,000 per family") or specified as the number of individual deductibles that must be met (e.g., "3 deductibles per family"). "Non-Single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.

³"Out-of-pocket maximum". The maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductible or copayments or other costs depending on the contract for that plan.

⁴ Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically-based mental illness.

⁵ Well-baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother and well-baby together; they are not separate copayments.

⁶ Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name or non-preferred.

⁷ "Emergency care" means services delivered by an emergency care facility which are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent layperson having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life or limb threatening emergency existed.

⁸ Non-emergency care delivered in an emergency room is covered only if the covered person receiving such care was referred to the emergency room by his/her carrier or primary care physician. If emergency departments are used by the plan for non-emergency after-hours care, than urgent care copayments apply.

⁹ "Biologically based mental illnesses" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder and panic disorder.

¹⁰ Waiver of pre-existing conditions exclusions. State law requires carriers to waive some or all of the pre-existing conditions exclusion period based on other coverage you recently may have had. Ask your carrier or plan sponsor (e.g., employer) for details.

¹¹ Grievances. Colorado law requires all plans to use grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.

This is to provide notice as required under recent federal law (the Women's Health and Cancer Rights Act, effective October 21, 1998).

Under this health plan, coverage will be provided to a member who is receiving benefits for a medically necessary mastectomy and who elects breast reconstruction after the mastectomy for:

- 1) reconstruction of the breast on which a mastectomy has been performed;
- 2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- 3) prostheses; and
- 4) treatment of physical complications of all stages of mastectomy, including lymph-edemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be subject to the same annual deductible and coinsurance provisions that apply for the mastectomy.

EXCLUSIONS

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

All medical or hospital services not specifically covered in, or which are limited or excluded on the plan documents, including costs of services before coverage begins and after coverage terminates; Charges related to any eye surgery mainly to correct refractive errors; Cosmetic surgery, including breast reduction; Custodial care; Dental care and X-rays; Donor egg retrieval; Experimental and investigational procedures; Hearing aids; Home births;

Immunization for travel or work; Implantable drugs and certain injectable drugs, including injectable infertility drugs; Infertility services, including, but not limited to artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSA and other related services, unless specifically listed as covered in your plan documents; Non-medically necessary services or supplies; Orthotics, unless specified in the plan; Over-the-counter medications and supplies; Radial keratotomy or related procedures; Reversal of sterilization; Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies, or counseling; Special duty nursing; Therapy or rehabilitation other than those listed as covered in the plan documents; and Treatment of those services for or related to treatments of obesity or for diet or weight control.

DISCLAIMERS

The material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee results or outcomes. Consult the plan documents (i.e., Group Insurance Certificate and/or Group Policy) to determine governing contractual provisions, including procedures, exclusions and limitation relating to the plan. With the exception of Aetna Rx Home Delivery, all preferred providers and vendors are independent contractors in private practice and are neither employees nor agents of Aetna or its affiliates. Aetna Rx Home Delivery, LLC, is a subsidiary of Aetna, Inc. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice.

Some benefits are subject to limitations or maximums. Certain services require precertification, or prior approval of coverage. Failure to precertify for these services may lead to substantially reduced benefits or denial of coverage.

Some of the benefits requiring precertification may include, but are not limited to, inpatient hospital, inpatient mental health, inpatient skilled nursing, and outpatient surgery, substance abuse (detoxification, inpatient and outpatient rehabilitation). When the Member's preferred provider is coordinating care, the preferred provider will contain the precertification. When the Member utilizes a non-preferred provider, Member must obtain the precertification. Precertification requirements may vary.

Depending on the plan selected, new prescription drugs not yet reviewed by our medication review committee are either available under plans with an open formulary or excluded from coverage unless a medical exception is obtained under plans that use a closed formulary. They may also be subject to precertification or step-therapy. non-prescription drugs and drugs in the Limitations and Exclusions section of the plan documents (received after enrollment) are not covered, and medical exceptions are not available for them.
